R&V BEARING SUPPLIES CC

AN INDEPENDENT COMPANY BASED IN SOUTH AFRICA

The company has over 20 years' experience within the industry, acting as a supplier to many companies and small businesses

R&V Bearing Supplies cc is currently one of the leading importers and distributors of bearings and associated engineering accessories. We place great emphasis on product quality, service and professionalism since 1990, offering a 24 hour service in the event of a break down. R&V Bearing Supplies understands the nature of the business of its clients, which is why we offer a 24 hour service and our staff are well trained to offer an exceptionally professional approach to every customer that graces the store.

Our main base of trading is in Cape Town and we have a branch in Johannesburg. Servicing the automotive, engineering, agricultural, textile, printing and marine market, the business is centrally located in each city and it is easily accessible.

The company imports its bearings from reputable suppliers all over the world and uses a strict selection method. We search for the most updated technology and only high-quality products that are ISO 9002 compliant and we source these high quality products. It is vital to stay ahead of our competitors, which is the reason we offer unsurpassed quality, superb service and competitively priced products.
